All Head of the Departments
All Coordinators of the Centers
All Principals of Constituent Colleges
University of Allahabad
Prayagraj

Subject: ONLINE teaching by the Guest Faculties in the University during the Nationwide Lockdown due to COVID-19.

Madam/ Sir,

I have to thank you for your reply to my letter dated March 20th 2020 related with apprising the University about how your department is coping up with the delivery of the remaining course material to the students during this unprecedented lockdown period so that the academic calendar is not disturbed. The trend mentioned in most of the departments is very encouraging. But in most of the cases, it has been noticed that details regarding how the guest faculty engaged in the department is coping up with the paper(s) allotted to them has not been mentioned. We believe that they are also taking due care of the papers that they were teaching before the lockdown period.

In this regard, all the heads of the department/coordinators of the centers/principles of the colleges are requested to direct all the respective guest facilities in their departments/centers/colleges to provide similar details about the courses that they have delivered online and the modus operandi adopted by them for its effective delivery along with the problems faced, if any.

All Guest Faculties should submit their updated information regarding ONLINE teaching to their respective Heads / Coordinators/ Principals through emails. All Heads / Coordinators/ Principals are further requested to send status of the ONLINE teaching by the Guest Faculty to the undersigned latest by April 07th, 2020 on the email ID: registrarau.uoa@gmail.com.

This letter is being issued with the approval of the competent authority.

Please stay safe and follow all instructions of the Government during the Lockdown.

Thanking you,

Sincerely yours,

4/4/2020

Madam/ Sir,

Hope all of you are staying safe. This unprecedented situation due to COVID-19 which has led to a nationwide lockdown has given us many lessons. To us in the university, it has challenged us to explore how teaching can be done online and how work from home environment can be created. Perhaps it is going to change the entire shape of teaching in the coming days. The MHRD/UGC also desires that all the teaching faculty in the university/colleges explores all the existing materials available on portals like eppathshala, Inflibnet, Swayam, Swayamprabha, NPTEL, CEC, IGNOU, Gyanvani, other MOOC platforms, Stride, Satat, Gurudakshta etc in this lockdown period to suggest that which of the available courses can be taken by the students to study online (imparted without a teacher) and later on the contents are discussed in the classroom. The findings by the faculty members may be discussed in the respective BoS. If there is any shortcoming in any of the existing courses, it should be suggested by the faculty that how it may be improved.

Once it is thoroughly discussed in BoS, it may be moved to the respective faculty board and then to the Academic Council for its approval. I request you to complete this exercise by April 20th 2020 up to the level of the BoS of the department.

Please stay safe and follow all instructions of the Government during the lockdown.

Thanking you

Sincerely yours,

NK
